MECHANICAL MAINTENANCE TECHNICIAN

CAREER OPJECTIVE To pursue a career teaching which is challenging enough to meet my competency, experience, education and skills to learn new ideas.

Skills

- Preventive maintenance.
- Problem solving abilities.
- Interpreting mechanical drawings.
- Mechanical troubleshooting abilities.
- Attention to details.
- Ability to teach risk assessment etc.

WORK EXPERINCE

Maintenance Technician, 11/2023 to current

GHANA CEMENT COMPANY LIMITED (GHACEM)

- Troubleshooting of mechanical systems and diagnose speed and accurate solutions.
- Maintenance on cement auxiliaries and equipment such as (conveyer belt, cement mills, Rotor packers, pumps, cooling systems, conveyor structure systems etc.
- Planning for shutdowns, Downtimes, Preventive and corrective maintenance etc.
- Servicing of Automotive Engines and Equipment.
- Replacement of conveyer belt, belt splicing, conveyer belt insertion and fasteners.
- Preparation of daily work orders, work permit for field worker and MIPs.
- Presentation of risk assessment forms for project and emergencies.
- Preparation of daily, weekly, and monthly report for management.

Control Room Operator 08/2022 to 10/2022 - Intern

SINO HYDRO CORPERATOIN LIMITED – Takoradi

- Assembling and calibration of concrete batching plant.
- Operating of concrete Batching plant.
- Concrete volume calculations and concrete ratios.
- Safety training for new workers and visitors.
- Preparation of monthly report for management.

Maintenance technician, 08/2021 to 01/2022 - Intern

AGENDA CONCRETE GHANA LIMITED – Takoradi

- Assist maintenance Engineers and technicians.
- Responding to breakdowns and downtimes.
- Operating of Concrete Batching plant.
- Repairing of machine equipment.
-

Maintenance technician 06/2019 to 01/2020

TWYFORD GH CERAMICSCOMPANY LTD - Takoradi

- Assisting maintenance Engineers for planning activities.
- Assist in data entry of daily activities.
- Recording and reporting daily activities.
- Assisting in machine breakdowns and downtimes.

TRAINING AND OTHER PROGRAMMES

- Bearing Training: TIMKEN - 25/08/2024
- First aid training: GNAS - 19/04/2024
- Fire Safety And Prevention: GNFS - 5/06/2024
- Occupational Health And Safety Training: JTTC (TTU) - 15/07/2021

EDUCATION

Bachelor of Technology In Mechanical Engineering (PLANT OPTION), 12/2024

TAKORADI TECHNICAL UNIVERSITY – Takoradi

- Causes: Maintenance engineering, Fluid mechanics, materials science, computer Aided design, instrumentation and control etc.
- **Higher National Diploma (HND) In Mechanical Engineering (plant option) 07/2023**
TAKORADI TECHNICAL UNIVERSITY – Takoradi
Causes: Plant maintenance and services, Workshop process, Electrical engineering, management and organization, computer Literacy, strength of materials etc.
- **TAKORADI TECHNICAL INSTITUTES (TTI), TAKORADI– NABPTEX**
(2016 – 2019)
MECHANICAL ENGINEERING TECHNOLOGY
Courses: Workshop processes and materials, Engineering drawing, Mechanical Engineering Craft Practice, Practical etc.

PERSONAL PROFILE

- Date of Birth: 24th December, 1998
- Nationality: Ghanaian
- Hometown: Apam (central region)
- Religious: Christian
- Marital: Status: Single
